Current Comment

The current "molder mystery" has been loaded into a scatter-bun and shot all over the front pages of local dailies. The messy details, with pictures, greet one over the morning cup of coffee, and jaded nerves are again regaled with the latest developments at the end of a hard day at the office.

Except for the morbidly curious, which we hold, optimistically perhaps, to be in the minority, a simple statement of the crime would be sufficient. Most of us don't care a rap about the nature of the weapon which figured in the case, and we resent the dragging forth and parading of heart-broken relatives across the smudgy pages of the newspapers—and we'd resent it a lot more if we happened to be one of these unfortunate people.

Lurid accounts of the misfortunes that befall others should and do disgust the majority of people who have any respect at all for the sacredness of privacy. They are matters that concern only the principals and those whose duty it is to solve the problem, one way or another, and to see that justice is meted out.

In England, for instance, the report of a common or garden variety murder as chronicled by the press occupies space insignificant compared with the shipping news, and like as not that's the last heard or read of it until brief mention is made of the fact that the murderer has been apprehended, tried, found guilty or innocent, and hanged or set free as the evidence indicates.

That's enough. More is galling to the finer sensibilities, and, aside from that, a too-detailed account is apt to have far-reaching effect on the unbalanced mind of the potential homicidal maniac, the moron, and even the normal mind which is suffering from strain of one kind or another.

And there, if we may point it out, is one good reason why the rural paper is a more wholesome article to have around the house. There is little serious crime in the "bucolic" areas, and most country newspapers deal briefly with, or shun altogether, stories which deal with the personal misfortunes of their readers.

Woman's Club Winds Up Year's Work At Picnic

The Country Woman's club ended its 1932-33 year Monday with a most delightful picnic held at the home of Mrs. D. H. Cramer on Winchester road.

Tables were set under the sheltered pergola where daintily colored Japanese lanterns swayed in the light breeze. Quantities of lovely sweet peas from the garden of Mrs. A. D. Rice added color and fragrance to the banquet.

After the "clean up gang" (with two-fold meaning) had restored order, a business meeting was conducted. Several matters concerning the library building were acted upon and plans discussed.

Mrs. Rose Hanger explained a plan used in Madera by which some of the new books are purchased from a revolving fund and loaned at small rental fees until the original cost is paid, when they are placed on the general shelves.

Mrs. Lilian Voge had expressed the opinion that such a plan would be very fine and the club voted an initial sum of \$50 with which to try the experiment in the Campbell Library. Such books would become the permanent property of the Campbell Library. The new plan will be in operation as soon as feasible and announcements will be made later.

A club song which had been written by Mrs. Maybel L. Knappen many years ago for a Bismarck, N. D., club had been revised a little by her sister, Mrs. H. C. Mith, and was sung by the company.

Mrs. C. H. Whitman, chairman of the program committee for 1933-34 distributed the new year books and explained them briefly.

The remainder of the afternoon was most pleasantly spent in viewing the attractive gardens of the hostess, in visiting and with cards.

The members were all unanimous in voting it one of the very best of many nice picnics.

Those of the committee who were present to participate in the day were the chairman and hostess, Mrs. D. H. Cramer, Mrs. W. F. Grattan, Mrs. A. D. Rice and Mrs. N. B. Galbraith. They were assisted by Mrs. Hanger.

The coming club year will open with a luncheon in the community room, September 18.

Executive Board Grammar P. T. A. In Open Meeting

The executive board of the grammar school P. T. A. will meet at the grammar school this Friday afternoon at 1:30 o'clock, according to Mrs. C. E. Williams, president.

Reports of the year's work will be given at this meeting, and other business of the organization will be looked after. Interested persons are cordially invited to attend.

From S. F.

Mrs. George Morton and daughter Barbara, and Mrs. Harold Abbott and daughter Doris, of San Francisco, motored to Campbell Saturday. Mrs. Abbott will spend a week with her father, E. G. Lanz. Mrs. Morton and two children returned home Sunday evening.

Fair Charmers Vie for Gymkhana Honors

Beatrice Jones of Burlingame and (insert) Lorraine Poschmann of Santa Cruz are two of the contestants vying for the honor of being queen of the Gilroy roundup and Gymkhana June 10 and 11.

Approximately 18 towns will have representatives in the final contest which will be held at a huge cowboy dance and '49 camp in Gilroy Friday night, June 9, to decide who shall have the honor of reigning over the rodeo.

GOPHERS' ANNUAL PICNIC HELD AT LOS GATOS PARK

A number of enthusiastic "Gophers" braved the threatening weather Saturday and enjoyed the annual mid-summer picnic of the Minnesota society at Los Gatos Memorial park.

Following the dinner an informal hour was passed in reminiscing and telling stories of fearful days.

Mrs. H. C. Smith read several humorous bits.

New officers elected were: E. C. Hamlin, president; J. H. Eastman, vice president; Mrs. M. E. Purmort, secretary-treasurer.

The midwinter picnic was set for the third Saturday in January, 1934, and the annual picnic will be held at Alum Rock park June 2 of next year.

Douglas Plan

Local Kiwanians had the pleasure of hearing Luther Whiteman speak at their regular luncheon meeting here Tuesday. Mr. Whiteman spoke on the Douglas plan of social credits.

Wins Prize

Melvin Genasci, student at the Roosevelt high school in San Jose, this week won first prize in a "hobby" exhibit. His subject, executed with considerable skill, was a Spanish windmill.

Piano Recital

Mrs. Emily Pannell Brandenburg will present a group of pupils in a piano recital next Tuesday evening, June 13, at the high school annex, beginning at 8 o'clock. The public is cordially invited to attend.

Gilroy Promises Lots of Excitement At Annual Rodeo

Approximately a thousand horses will descend upon Gilroy on June 10 and 11 when that city holds its annual roundup and gymkhana. Plans are rapidly nearing completion for one of the largest western celebrations of a rodeo nature ever to be held in California.

A "pat hand" from the "new deal" has been dealt to Fred Boock, chairman of the '49 camp, in the form of an old-fashioned German beer garden. This beer garden is rapidly taking on gigantic proportions—a real German band will entertain with their inimitable tunes; waiters who know how to put a collar on a stein of "suds" will be in charge of the hundreds of tables in the garden.

Gilroy's now famous gymkhana promises to have something entertaining and exciting every moment of the time from Friday night, June 9, up to and including Sunday night, June 11. Dances, a '49 camp, parades, races, bronco busting and rodeo events of every nature will hold full sway for the two days of the show.

Visits Friends

Donald Lent visited friends in Campbell Sunday evening on his way to San Francisco from Capitola where he had spent the weekend with his parents.

Married

Elva Mattos and Mario Periera of Oakland were united in marriage at St. Lucy's church here Saturday night.

Civic Organization Urges Citizens To Support Police

The members of the Campbell chamber of commerce decided at their regular meeting last night at Community hall, that unless the residents of the community are willing to aid business men support Campbell's night patrolman, the police service will have to be discontinued.

Support for the night patrol service has gradually been growing less until now only a few people are paying for the service rendered the entire town, and the majority of calls for police service come from others than subscribers to the police fund.

Charles Wightman, solicitor for the chamber of commerce, has been authorized to canvass the town in an effort to secure enough subscribers so that the services of Harry Evans, patrolman, may be maintained, for unless something is done by June 30 this service will be discontinued.

A small sum each month will be asked from business men and private citizens alike. Dr. W. I. Merrill, chairman of the police committee, called attention to the importance of the drive in relation to law and order in the community.

The plan to form a police district to be paid for through taxation cannot be put into effect before next year, according to Dr. Merrill.

Following the discussion of the police situation, the organization passed a resolution supporting a clean-up campaign for Campbell. People are urged to clean up dry grass and weeds about their homes and in vacant lots, to eliminate the fire hazard, and to do other necessary things to give employment and increase the attractiveness of the town.

EARLY SERVICES SUNDAY MEET WITH APPROVAL

The Sunday morning services at the Congregational church will be held from 10 o'clock until 11. Services at this hour have proved very popular, according to the Rev. J. H. Bennett, pastor, and he hopes to maintain that schedule throughout the summer.

Children's Day services, with a special choir of children, and a number of recitations, together with a talk by the Rev. Bennett, will occupy the hour.

Injured

George Marston has three broken ribs and a badly cut hand resulting from an accident Saturday when his car collided with a tree on Union avenue, near his home. A faulty steering gear may have been the cause.

Visiting Here

Angus Larson, government official of Washington, D. C., is visiting his wife, and other relatives here.

Moved

Mr. and Mrs. H. M. Shadle have moved from their home on Latimer avenue over the week-end and are now residing in their new home on Rincon avenue.

THE FARMERS CORNER

By Ralph H. Taylor

Taxes and mortgages—two of the farmer's burdens which weigh most heavily during periods of reduced income—have been eased materially by enactments of the recently recessed State Legislature, even though they are still far out of line with present conditions.

A substantial cut in the local tax burden, for instance, will result from the operation of the new highway act, which takes into the state system approximately 6600 miles of county roads, spread over all the counties of the state.

Local taxpayers will be relieved of approximately \$3,000,000 annually in maintenance and reconstruction costs as a result of the inclusion of this additional mileage in the state highway system, according to the estimate of Earl Lee Kelly, State Director of Public Works.

As the road tax is one of the most burdensome in rural districts, especially in areas of small population and low property valuations, the new highway deal should bring considerable direct relief to agriculture.

Further relief for local taxpayers may come from the Riley-Stewart plan, providing this program receives the sanction of the voters.

Grappling with the mortgage problem, made doubly acute by the fact that present debts were incurred during times of prosperity and fictitious property values, the legislature administered sedatives rather than curatives.

Unable to reduce the actual indebtedness, the lawmakers did find it possible, however, to give hard-pressed farmers a breathing spell by postponing the day of judgment.

The first bill of this nature—A. B. 2327, by Assemblymen Rawls and Dempster—provided a 60-day moratorium on the forced sale of farms.

This temporary "headache powder", which ran out before the legislature recessed (was continued by a subsequent bill, A. B. 908, by Assemblyman Rawls, providing a mortgage and trust deed moratorium until the end of 1933. Already signed by Governor Rolph, this bill will permit hundreds of farmers to "hold on" until new crops bring new income and a chance to meet their obligations.

In this same general category of relief measures were several enactments reducing tax delinquency penalties.

W. J. EMIG SHERIFF

Office Located in the Court House

The duties of a sheriff of a county the size of Santa Clara are by no means a sinecure. It requires a man of many years' experience in allied work as well as fairness of mind, bravery of spirit and a willingness to meet any exigency as it comes. The sheriff who attends strictly to his duties may be called out at any hour of the night and may run afoul of the most desperate bandits. Thus being a sheriff is not the easiest or most pleasant occupation. Yet the public seldom fully appreciates the large part the sheriff plays in safeguarding its in-

terests in so many divers ways. Oftentimes one finds it impossible to collect a just debt and suit is instituted, and when recognized by the courts a judgment is entered. It is then up to the Sheriff to see that this judgment is satisfied. Sheriff Emig has for years been one of the most dependable and esteemed men in Santa Clara county. He has a host of friends because of his fair spirit toward his fellowmen. Since the advent of his administration of the office he has proved to be one of the ablest officials this county has ever known.

From Honolulu

Mr. and Mrs. D. T. Fullaway, nee Edith Lewis, of Honolulu arrived on the S. S. Mariposa last Wednesday for a few days visit with Mrs. Ella and Miss Vina Lewis. WOMEN'S CONTRIBUTION TO THE MOTOR CAR

There is some doubt that people care to hear very much about what goes on under the hoods of their cars.

The driver knows that "driving qualities" are not accidental; they are put there. How the manufacturer creates or evolves those results may not interest him. He judges entirely by the results he gets in driving.

Well, it is not essential to talk "shop"; let us talk Results. Smoothness. Drive the Ford V-8 and you will find that the engine runs with surpassing smoothness, due to its design and the extra precise methods of its manufacture.

Power. There it is, 75 horsepower (we could say 80) at the drive-shaft for the driver's use. With less weight to pull around, the mettle of this car—its life-like response—is rather remarkable.

Economy. Our V-8 develops more power on a gallon of gasoline than any car we have made. Mileage is partly a matter of individual driving, but under average conditions the Ford V-8 does 17 to 20 miles a gallon. Of course, car economy is not only a matter of fuel. Ford V-8 has that too, but it is also economical in the complete sense—initial cost, operation, maintenance.

Appearance. This is woman's contribution. The motor car must not only be useful, but also good-looking. View the Ford V-8 and you will not need our comment on its fine appearance.

Comfort. This also is woman's concern. In 30 years she changed the motor car from a wagon to a coach. Comfort is a quality made up of numerous ingredients. There is no comfort without a quiet, smooth-running engine. We have all the other ingredients too,—color, good taste, quality, ease, safety, roominess and convenience.

DR. C. M. BURCHFIEL

COUNTY HEALTH OFFICER

Office Located in the Court House

The office of County Health Officer is not all a path of roses. It has its hills and sharp corners and few men would languish under its responsibilities. But Dr. C. M. Burchfiel, who so capably holds this office is a man who loves responsibilities, arduous duties that must be performed, emergencies that must be met. It is all part of his job and sportingly and civic-spiritedly he works harder to acquit himself of these duties in an efficient and admirable manner than were it his own personal business.

enhancing his own fortune. Such men are true builders of a community and are to be duly appreciated. However, unfortunately, the public seldom appreciates the work Dr. Burchfiel is doing in trying to instill in the minds of the people "health education" and prevention of disease.

Dr. Burchfiel is a man of studious nature who takes his work seriously, and the further fact that he is so conscientiously honest, demonstrates easily why he is one of our most popular public officials.

Court of Honor

A court of honor for the Boy Scouts of the San Jose district will be held at the Willow Glen school Thursday, June 8, at 8 p. m. Many Campbell scouts plan to attend and receive their advancement in rank. The organization in Campbell is going strong under the leadership of the Rev. Bennett. Thirty-five boys were taken to the Roosevelt plunge last week.

**The Farm
"35"**

GOOD BUSINESS alone dictates what the farmer buys today. He is a shrewd, careful investor. He is a keen judge of practical values. And because he had special problems he wanted **ELECTRICAL REFRIGERATION** built to his requirements—a **FARM REFRIGERATOR**. Farmers who have long wanted adequate, uniform **ELECTRIC REFRIGERATION** are deciding it is just *good business* to have it. Farm-killed meat, kept "cool" by old fashioned methods, may be a menace to health and is often without juice or flavor. Proper hanging eliminates wasteful trimming and improves texture and flavor. The **FARM "35"** provides ample room for sides and quarters at lowest cost per cubic foot. University designed models are also available up to 125 cubic feet.

With other produce too, safe, 50 degree **CONSTANT COLD** is necessary to prevent spoilage-waste. It is your best assurance of top prices for "extra fancy" perishables. It is your guarantee of food, consistently fresh and wholesome, for your family. The **FARM "35"** **AUTOMATICALLY** maintains the *right* food-preserving temperature—below the 50 degree danger line.

All this and much more you can expect from these *practical* **FARM REFRIGERATORS**. An investigation will convince you that they are a money-making, money-saving necessity. Sensible design and extra sturdy construction make them a life-time investment. Attractive terms may be arranged. Write or telephone the nearest P. G. and E. office or see your Frigidaire dealer.

"All Things Had to be Done by Caesar at One Time"

SUCH IS THE terse phrase in
which Julius Caesar describes his own
feverish activity during a battle with
the Gauls.

Many a modern business man faces a
similar problem. Customers to see...
appointments to keep... employees to
supervise. And all within the brief
compass of a business day.

Is it any wonder that such busy individ-
uals welcome the convenience of a nearby
American Trust Company branch...
where they can transact their banking
business with a weekly saving of hours?

Branch Offices for Convenience Concentration for Protection

The branch offices of the American
Trust Company bring modern bank-
ing facilities to almost every commu-
nity and neighborhood of the Bay Area.
And, being concentrated in this area,
our branches have the advantage of
close head office control.

Thus does this 79 year old bank offer
the protection of centralized banking,
plus the convenience of branch banking.

We invite your call at our nearest branch.
